1. People in China and other Asian communities joined the global celebration of this millennium. On February 5, many people welcome the first day of the Year of the Dragon. The 15-day Chinese New Year festival marks the beginning of a new year and a new life. This Chinese Year is year number 4698.
2. The term «Mayday» is an internationally recognized radio signal which is only used when a ship is in great danger and needs help immediately. The signal is transmitted on a wavelength of 2.182 kHz, which is permanently monitored by rescue services on the shore. The use of this expression has a very straightforward explanation. It came from the French phrase «m'aidez», which means «help me».
3. In 1700, Henri Misson, a Frenchman visiting Britain asked villagers why they had horseshoes nailed above their doors. They said 'it was to keep witches away. Horseshoes are made of iron and the strength of the iron was thought to protect from evil. Still today they are thought to bring good luck and many brides carry silver ones at their weddings. The position of the horseshoe is very important. It must point upwards like a cup so that the luck cannot fall out.
4. Women generally live about six years longer than men. Evidence suggests that boys are the weaker sex at birth, which means that more die in infancy. Also women do not have as much heart disease as men. In terms of lifestyle, men smoke more than women and thus more die of smoking- related diseases. Also, they generally have more dangerous occupations, such as building work.
5. Scientists say that rats can help to look for earthquake survivors buried in the ruined buildings. Dogs are already used to search for people, but rats can be even more useful. Like dogs they've got a great sense of smell, but scientists still need to train rats to sniff out people and to carry special radio transmitters to let them know when the survivor is found. Rats may also be trained to find bombs or explosives.
6. Dinosaurs roared for about 150 million years before they disappeared. We humans have only been around for about 2 million years. But cockroaches are 350 million years old and still going strong! Cockroaches can survive in extreme conditions. They can be frozen, then thawed, and walk away as if nothing had happened. They can go for incredibly long time without eating anything. And that is the secret of their success!

- A. Most people who spend a holiday travelling take a camera with them and photograph anything that interests them — sights of a city, views of mountains, lakes, waterfalls, men and women, children, ruins of ancient buildings, and even birds and animals. Later looking through their albums they will remember the happy time they have had, the islands, countries and cities they have seen.
- B. Of course, different people dream of different things. Someone wishes a calm and quiet life; others imagine their life as a never-ending adventure. The majority dream of something concrete: a villa in some warm place, an account in a Swiss bank, a splendid car... It's interesting to know what the dreams of people who already have all this are. Celebrities, as we know, never hide their unusual hobbies, and often shock us with their extravagant behaviour.
- C. It is Junior Baseball Magazine's mission to provide information that enhances the youth baseball experience for the entire family. The player improves his skills and is more successful. The family enjoys the activity more and shares this precious time in their life. Junior Baseball emphasizes good sportsmanship, safety, physical fitness and wholesome family values.
- D. The seas are in danger. They are filled with poison like industrial, nuclear and chemical waste. The Mediterranean Sea is already nearly dead; the North Sea is following it. The Aral Sea is on the brink of extinction. If nothing is done about it, one day nothing will be able to live in the seas. Every ten minutes one species of animal, plant or insect dies out forever.
- E. Lots of people all over the world enjoy collecting stamps. Stamps are like little pictures. Very often they show the flowers or the trees which grow in this or that country, or they can show different kinds of transport of the country. Stamps may also have portraits of famous people on them. Some stamps show art work from the history of the country.
- F. "Friend" is the title of my favourite magazine. It consists of 70 pages, with lots of colourful and bright pictures and provides interesting and useful information for people who love animals. The magazine includes numerous articles devoted to various topics connected with domestic animals, ways to take care of them, pet food, animal health and many other topics crucial for any animal lover.
- G. People are beginning to realize that environmental problems are not just somebody else's. Many people join and support various international organizations and green parties. Human life is the most important, and polluted air, poisoned water, wastelands, noise, smoke, gas, exhaust all influence not only nature but people themselves. Everything should be done to improve ecological conditions on our planet.

1) I am a mother of identical, mirror-image boys — David and John. Nobody but me can tell them apart. I am constantly amazed at how close they are. Once when they were babies David was ill, but it was John who began crying wildly. I tried to calm John first since nothing was wrong with him. But he only cried louder. Finally I gave some medicine to David — who really was unwell. As soon as John sensed his brother felt better, he immediately settled to sleep.

2) The 12 year old was playing near the Platte River in North Bend, Nebraska. The river was high and as the boy stepped in, the current pushed his legs away. He floated off, spinning in the powerful current. At the last possible moment before the rapids, his yells were heard by his dog. It jumped in, reached the boy and towed him ashore. Another second and the boy would have been swept away to certain death.

3) Armguard Karl Graves, referred to in press reports as "the Glasgow Spy", was convicted in Scotland under the Official Secrets Act (1911) for spying on the British Navy. He spent years successfully creating an identity as an Australian doctor and in Scotland even conducted important clinical experiments. But he was eventually caught by a suspicious post office worker as he sent and received post under a variety of assumed names.

She was married 8 times but only had one child with second husband, Conrad Hilton. Her last marriage to Frederic von Anhalt gave her the honorary title Prinzessin von Anhalt.

5) "Who do you think you are" is one of my favourite TV programs. Each episode researches the family history of a celebrity, back into the mists of time. In the UK there are good records of births, marriages and deaths going back hundreds of years. One of the best episodes was on Boris Johnson, the Mayor of London. He was thrilled when he discovered he was directly related to King George II.

6) Paris Hilton is a famous socialite, media personality, actress, model and singer. In 2007 her grandfather Barron Hilton pledged 97% of his estate — a value of more than 2 billion US dollars — to a charitable foundation. Many now believe that Paris and the other grandchildren have had their potential inheritance sharply reduced. Others have commented that this news was unlikely to change her future lifestyle.

7) Andy always travels well equipped for any potential possibility. He has a sewing repair kit and a small medical kit with aspirin. These are, I suppose, perfectly sensible. But what about a ball of string, tape measure, masking tape, Swiss army penknife, disposable cutlery, disinfectant, dry bags and an inflatable back rest? Andy says you never know what might happen and it's always best to be prepared.

Barbara: What are your styles in hair and clothing in Dublin?

Carl: There are a lot of different styles, there are lots of punks, for example. But one aspect of life in Dublin that I don't like is the fact that some people put you into categories according to the way you dress.

Barbara: How about your recreation time? What do you do for fun?

Carl: In my free time I play a lot of soccer. On Saturday nights, I go out with my friends to discos or concerts. The biggest disco in my area is called the "Grove". It has been in existence for about twenty years and is still as popular as ever.

Barbara: What are the good things about living in Ireland, for a teenager?

Carl: Ireland is a good country to grow up in. It seems to have kept more healthy and positive values than most other countries. Families are close, as are communities.
