Fires that happen in the home are a very serious problem today. In America, there are over 100,000 home fires every year and many start in the kitchen. There are a lot of things you can do to protect your house from fire. First of all, you need to follow a few safety rules. You should never leave the kitchen while you are cooking. It's also a bad idea to wear loose clothes when you cook. Always keep the cooking area clean and don't let children come very close to the cooker. It is also important to know what to do if a fire starts. If a pan catches fire, don't throw water on it! Put a blanket over it and turn off the heat. If the fire doesn't go out, call the fire brigade. If a fire starts inside the oven, keep the door shut and turn it off. If you burn yourself, run cold water over the burn. Finally, install a smoke alarm and learn how to use it. Also, know the number of your fire brigade by heart. It's better to be safe than sorry.

When I was 7 years old, my family left the big city and moved to the countryside. I was very excited because our new house was near a beautiful forest.

One day I decided to go for a walk in the forest but I lost my way. I tried to get back but I just went deeper into the forest. I looked around me and started calling for help, but no one heard me. I was confused and scared because it was almost dark, so I sat under a tree and began to cry.

Suddenly I heard someone coming. It was a boy of my age. "Hi", he said. "I'm Philip. What's the matter?" I told him that I was lost. "Don't worry", Philip said. "I live near here. I know the forest well". We walked and talked until we were out of the forest. Philip said goodbye and left before I could thank him.

When I got home my mum was talking to a policeman. They were both very upset. "Oh, Tom, thank goodness you're OK!" my mum said when she saw me. "I lost my way in the forest, mum, but I'm fine now. I'm so sorry", I said. "You were lucky, young man", the policeman said. "Never play alone in that forest, it's too dangerous. 8 years ago, a boy named Philip Mac Mann lost his way in that same forest and never came back".

I didn't say a word. I wanted to tell them about the boy who helped me but I was afraid they wouldn't believe me. Did a ghost help me? I couldn't sleep that night, or the next. I never saw Philip again and I never went back to the forest!

Most people today cannot imagine their life without a mobile phone. I believe it is one of the most important innovations ever. Thanks to mobile phones, our lives are much easier today.

First of all, if you have a mobile phone you can make phone calls no matter where you are. For example, you can call a friend to let them know that you lost your way or are going to be late. As a result, you feel safer and less stressed. In addition, we can use mobile phones to send text messages. We can write messages to friends giving them news or sending them birthday wishes. We can even listen to the radio while travelling on a bus or the metro. However, some people would argue that it has a negative effect on our life. If we use mobile phones all the time, it is bad for our health. In my opinion, mobile phones have more advantages than disadvantages if we use them correctly. Our lives are better with them and they are here to stay.

- A. cannot live without mobile phones.

- B. imagine life without mobile phones.
 C. live without mobile phones.
